

Leeway Professional Website

By Agent Lee

Leeway Professional Website

LEEWAY OPEN NOTEBOOK CREATIVE PACKAGE

Creative Type: website_package

Audience: General audience

Goal: Execute the approved Leeway plan as a professional creative package.

Tone: professional, strategic, clean, Leeway-standard

Prompt: Create a full website package and show me the production steps.

Approved Leeway plan:

```

The image shows a single vertical column containing a massive, unbroken string of escaped JSON-style syntax. The string begins with "D%" followed by numerous percent signs and alphanumeric sequences, mimicking the format of a complex web address or a highly verbose API call. It includes many backslashes (\) before double quotes ("), which are standard for escaping in URLs or code strings. The sequence repeats similar patterns like "%22%", "%3D%", "%22%", "%3E%", etc., throughout its length, ending abruptly at the bottom of the page without completing its final character.

The image consists of a single, extremely long line of text where every character is an escaped Unicode sequence (e.g., %20, %3C, %3E). This text is a raw representation of an SVG document. It includes standard XML declarations like xmlns, as well as various SVG elements such as <svg>, <rect>, <circle>, <g>, <filter>, <feMerge>, etc. The text is highly repetitive and difficult to read without specialized tools or knowledge of SVG syntax.

}

Production Rule:

This package is created inside leeway_open_notebook as the primary creative layer. Render/export lanes may later turn it into PDF, slides, images, video, website, 3D, or delivery artifacts.

Website Creation Package

Website Goal

Execute the approved Leeway plan as a professional creative package.

Page Map

1. Home
2. About/Proof
3. Offer/Services
4. Contact/Booking

Home Page Copy

Hero headline:

Hero subheadline:

Secondary CTA:

Sections

- Hero
- Problem
- Solution
- Proof
- Process
- Testimonials or credibility

- CTA

Design Direction

Describe colors, layout, motion, typography, and visual mood.

Component List

- Header

- Hero

- Cards

- Gallery

- Form

- Footer

Storage and Handoff

- Open Notebook owns this creative package.

- Export/render lanes create final media from this package.

- Seafire/storage governor should hold durable files and manifests.

- Artifact viewer should expose the room link.

- Skill router should return the actionable link/receipt.
